**PROTECTS**

**LEVELS UP YOUR SECURITY**

**UPGRADES YOUR CURRENT HEALTH**

**SETS YOU UP FOR FINANCIAL GROWTH**

## WHO IS THIS PLAN BEST FOR?

Meet Jake, 35. He bought an AIA All-In-One Plus 10-pay plan for approximately P8,320/month for 10 years for a total claimable benefit amount of P7,500,000\*.

Because the times are getting tougher, he sought out this plan that's stronger in terms of protecting his and his loved ones' future—as well as boosting his present health and savings.

For Jake, the AIA All-In-One Plus plan helps him step up his protection for his loved ones, his personal health, and his savings.

## Why is the **AIA ALL-IN-ONE PLUS** a level up from ordinary plans?

It has all the basic life insurance coverage, plus more important benefits!

### Life Insurance Coverage

If an unexpected event happens to Jake, his loved ones will receive his life insurance coverage worth P1,000,000 plus the total account value earned by the plan. This is claimable until age 80.

### Critical Illness Coverage

If Jake gets diagnosed with any of the 10 covered critical illnesses, he will get P1,000,000. After this, his Life Insurance remains intact until he's 80.

### Personal Accident Coverage

If Jake gets into an accident that unfortunately leads to death, an additional P1,000,000 will be given to his beneficiaries. (Additional P1,000,000 if the accident is caused by Acts of Nature or happened while he was in a qualified Public Transportation)

### Total and Permanent Disability (TPD) Coverage

If Jake suffers a debilitating bodily injury or disease, he'll get the full P1,000,000 TPD coverage. Once this is claimed, he'd still enjoy Life Insurance Coverage until he's 80.

### Double Vitality Booster

AIA All-in-One Plus can also help Jake live a healthier lifestyle! With the Vitality Program, he can receive different rewards just by staying healthy. Jake won't only boost his coverage; He will also receive additional cash benefit at the end of his policy's 10th year. These benefits are all dependent on his AIA Vitality status every year.

### Opportunity to Grow Your Savings

Jake can maximize his savings potential through diversified investment funds available to the product. He can choose from locally-managed or globally exposed funds that are suitable to his risk profile.

\* Amount reflected does not include the plan's account value payable upon claim of the life insurance coverage.

Account value is a separate amount subject to fund performance. The P7,500,000.00 total claimable benefit is the sum of the life insurance coverage, mandatory and optional riders benefits.
